

BUILDING BALLOON CARS AND INVESTIGATING SPEED

HALF TERM PHYSICS ACTIVITY DAYS

WHEN

17th or 18th February (choose one day)
10am to 2pm

WHERE

Fair Futures 17 Broad Street, Bury BL9 0DA

WHO

Children aged 8-12 with an interest in experimenting, being creative and finding out about speed. The sessions are particularly aimed at children who speak English as an additional language.

WHAT

Find out about physics and have fun with your friends. We will be learning about speed and how to measure it.

- What are the fastest animals and machines on earth?
- How can you make a balloon power a car?
- How fast will your balloon car go?

Funded by
IOP Institute of Physics

FREE EVENT

Lunch, snacks and drinks provided

BUILD

a balloon car and see how fast you can make it go.
